

# ISLAND SUMMER CAMP 2009

**ISLAND SUMMER CAMP** will explore ecosystems, constellations, earth structures, environmental protection, marine science, history, and structure building. There will also be scientific experiments and research conducted daily.

The program is designed for students ages 4 to 9. The program will run from June 8th to July 31st. Tuition includes weekly field trips, daily healthy snack, arts, crafts, and special events. Part-time, full-time, extended care as well as weekly programs are available.

We strive to promote and motivate a positive value of self by creating an environment that is rich in educational experiences.
